

# BI-WEEKLY REPORTS - TEAM 18 -PLACED2

(Week 4-5) - 16 November 2015

## TEAM MEMBERS

- Anastasia Arvika Christy
- Anita Ghoddoomi-Zadeh

## SUMMARY TO DATE

### SETTING UP AND UPDATING TRELLO

We have set up a Trello board as part of the communication management tools with our client. This board is updated regularly by all team members.

### INTERVIEW WITH DR. DEAN MOHAMEDALLY

We have conducted a one-on-one interview with Dr. Dean Mohamedally as suggested by the client. The report has been produced and the summary of the interview has been uploaded to the Trello board shared with our client.

### QUESTIONNAIRE / STUDENT INTERVIEWS

We have released the second batch of our questionnaire targeted at 3<sup>rd</sup>, 4th, Affiliate and Masters Students. The number of respondents is still low and we are currently in contact with Dr. Dean Mohamedally to access the contact of these respondents in order to increase the reliability of the data.

We have also produced a data analysis based on gender that will be used by the department for a case study based on the 1<sup>st</sup> batch of the questionnaire of 43 respondents from 2<sup>nd</sup> year.

### TECHNICAL VIEW

We have started learning Python/Django and AngularJS via online tutorials such as Codecademy and Lynda.

## MEETING DETAILS/ SUMMARY

### CLIENT MEETING 1

TBA 18<sup>th</sup> November 2015

### TEAM MEETING 1

Scheduled 19<sup>th</sup> November 2015 - also arranged with Dr. Dean Mohamedally

Place: Lab 1.21 Roberts Building UCL

## DEADLINES SET

### PROBLEM OCCURRED (OVERDUE)

- Low number of respondents from other years apart from 2<sup>nd</sup> year students as it is more accessible for us to get in contact with students from our year.

### IN PROGRESS

- We are currently in contact with Dr. Dean Mohamedally to get a feedback from our previous questionnaire and getting access to the students from another year
- Producing data analysis based on several factors (e.g. Gender factor)

### TASKS TO DO

- Getting feedback from TA during the lab session
- Reconstructing and distributing the questionnaire after reviews from Dean and TA

## MEMBERS REPORT

### VIKA

My responsibility was to produce the data analysis based on the gender factor that was requested personally by Dean and Graham Roberts for a case study within UCL. I was also responsible to distribute the 2<sup>nd</sup> batch of the questionnaire to students from another years. I have also started to learn to code in Python and AngularJS.

### ANITA

I wrote a summary of the interview we did with Dean Mohamedally and continued with data gathering. I have also continued to learn Python and had my first look at the Django framework.
